OPERATION: PROTECT THE PLANET!

... AND PROTECT ALL OF YOUR MONEY

DR. SPENDIT HAS HATCHED ANOTHER SNEAKY PLAN! HE'S TRYING TO HACK MEGATOWN'S UTILITIES SO THAT EVERYONE HAS TO SPEND MORE ON THINGS THEY NEED (I.E., WATER, ELECTRICITY, AND TRASH PICK-UP). UTILITIES CAN BE EXPENSIVE AND THEY USE UP EARTH'S RESOURCES.

HELP CASH AND VIOLET STOP DR. SPENDIT BY TRYING THESE TIPS:

POWER DOWN

Turn off the lights if you're the last one to leave the room. You'll use less energy—and less money.

CLIP THE DRIP

Remember to turn off the faucet when you're done. The more water you use, the more you have to pay.

RECHARGE & RESTORE

Use rechargeable batteries for your toys. They last longer, and you won't have to replace them as often.

M3 POWER TIPS

Looking for more ways to save money and help the planet?

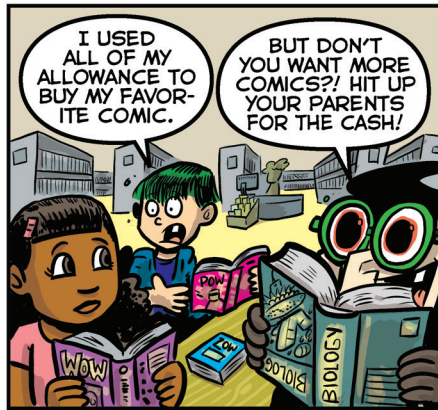

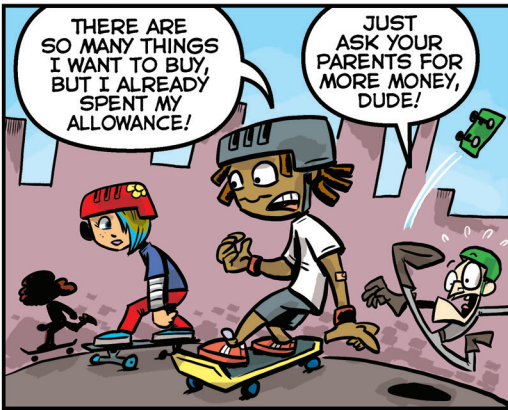

- Use a refillable water bottle
- Ride your bike vs. taking the bus
- Check out books from the library instead of buying new
